Hello again Tomasa!

Congratulations on yet again being a winner of the HUE Animation Advent Challenge!

Another win for your class – that is fantastic – thanks so much for the effort you have put into this

We will now send another prize to you – a complete HUE Animation Studio kit

Please let us know what colour camera you would like – green, red or blue?

And also the best postal address for you?

As you have 3 winners – would you like us to package all 3 kits together and post them to you?

With best wishes
